

Video Messenger Introduces The DV4K Media Player Digital Signage System

Professional Results Made Easy and Affordable

DV4K Media Player Displaying 4K Definition

The DV4K Digital Sign Player

The DV4K Media Player is a true (4K Definition) digital sign player.

Displaying Webpage Widget & Text Ticker

Now anyone who can use PowerPoint® can be a master producer of the DV4K Media Player presentation system. And the system comes with more than 400+ PowerPoint® backgrounds and 20+ (15 Second) Seasonal Videos for your use.

Displaying Clock Widget & RSS Weather Feed As A Crawl

DV4K Media Player series is a powerful Communications tool that lets you schedule and display high impact video, stills, PowerPoints® and HTML 5 Widgets over local and remote Standard Definition, High & 4K Definition TV screens. Because it uses the Android OS, it integrates with Google Apps and can display presentations and calendar events that can be changed from any hand held device, anywhere in the world. It also allows for remote management via your LAN, Internet or Google Drive. The Video output is HDMI for High Definition & 4K playback. With an inexpensive HDMI to IP converter, it can provides IP streaming for cable company and industrial applications. It is perfect for: Hotels, Restaurants, Hospitals, Senior Care, Condos, Schools, Government & Corporate Offices, Cable Companies and more! Simply add your media, schedule and export your presentation to the DV4K Media Player.
